Telegartner BNC-Protective Cap

SKU
ACC-TG-00055
MPN
H00000A1943

Description

The Telegärtner BNC-Protective Cap, part number H00000A1943, is designed to protect BNC connectors from dust and environmental contaminants.

Manufactured by Telegärtner, a renowned German company, this protective cap is indispensable for maintaining the integrity and performance of telecommunications and data communication systems. Its primary function is to shield unused BNC connectors, ensuring they remain free from dust and moisture, which can degrade signal quality and lead to connection failures. Crafted from nickel-plated brass with a silicone gasket, the cap offers robust protection and durability, making it suitable for high-tech applications where reliability is crucial. Its chain attachment ensures the cap remains connected to equipment, preventing loss during maintenance or operation. The Telegärtner BNC-Protective Cap is RoHS compliant, aligning with environmental standards for electronic components. This makes it an ideal...
