Telegartner Protective cap for N plug

SKU
ACC-TG-00056
MPN
H00010A0000

Description

The Telegärtner Protective Cap for N Plug, part number H00010A0000, is designed to safeguard RF connectors from environmental damage and contamination. This protective cap is essential in maintaining the integrity and performance of RF systems by preventing dust, moisture, and debris from entering unused N plug connectors. Its robust construction utilises high-quality stainless steel and brass, finished with nickel plating for enhanced durability and corrosion resistance. The cap is compliant with IP54 protection standards, ensuring reliable performance in challenging environments.

Ideal for use in telecommunications and data communications, this cap is particularly suited for high-tech applications where precision and reliability are paramount. Engineers and technicians in the field will appreciate its ease of use and secure fit, facilitated by a chain attachment that prevents loss during maintenance or deployment. The Telegärtner...
