Telegartner TNC-Protective Cap

SKU: ACC-TG-00058
MPN: H00051A0000

Description

The Telegärtner TNC-Protective Cap (SKU: ACC-TG-00058) is a specialised component designed to safeguard TNC connectors in RF applications. Manufactured by Telegärtner, a renowned German company with over 70 years of experience in telecommunications and data communications, this protective cap ensures the longevity and reliability of your RF systems by preventing dust and debris from entering the connectors. This is particularly crucial in environments where maintaining signal integrity is paramount, such as telecommunications infrastructure, data centres, and industrial electronics installations.

Constructed from nickel-plated brass, the cap offers robust protection while maintaining compliance with RoHS standards, ensuring environmental safety. Its design adheres to IEC 60169-17 specifications, guaranteeing compatibility and a precise fit with TNC connectors. Rated with an IP68 protection class, the cap provides exceptional resistance...
