# Isolation Screen for APAC AL340 2-Panel Solar Frame

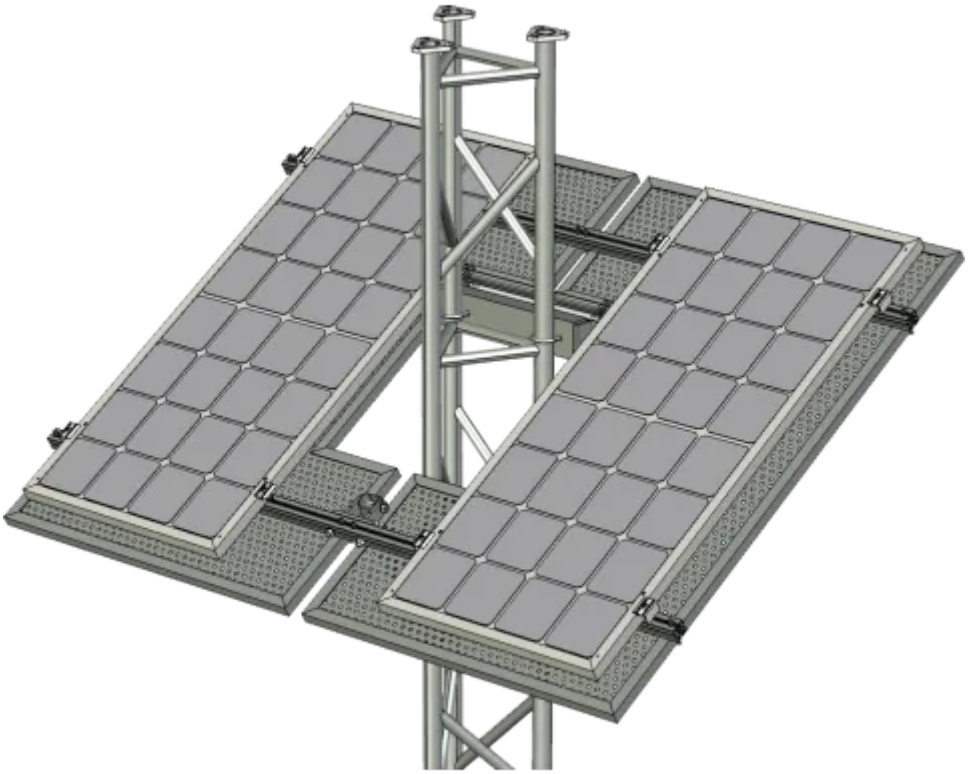

SKU
MAS-BH-00377
MPN
AP-AL340-2SPM-IS

**Description**

This is a perforated mesh screen designed to be attached to the underside of the AP-AL340-2SPM solar mounting frame. The mesh screen attaches using hooks that bolt through the solar mounting rail and secure around the equal-angle.

The mesh is used as both a protective screen that prevents damage to the solar panels from rock-fly or vandalism, and as an RF isolation screen that minimises interference between co-located transceivers or antennas.

Note that this item consists only of the two mesh screen sections and J-Bolts, it does not include the tower mounting bracket.

**APAC Infrastructure**

APAC Infrastructure is an Australian metal fabrication company dedicated to high tech industries in the commercial, industrial, and defence sectors. Our team is committed to evolving our solutions to meet the rapidly changing needs of our rapidly changing world, ensuring your team deliver solutions at the very forefront of technological development. APAC develops made-to-measure height systems for ...
