Description

The Dust Cap N Male with Chain (SKU: ACC-PT-00194), part number CAP-N1, is a high-quality RF dust cap designed by Powertec, a leading Australian wireless technology manufacturer and systems integrator.

This dust cap is specifically engineered to protect N Female connectors from dust and environmental contaminants, ensuring optimal performance and longevity of RF systems. The attached chain allows for easy handling and prevents loss during maintenance or installation processes. With its robust construction, the cap delivers reliability and durability, making it an essential accessory for technicians and engineers working in various demanding environments.

Ideal for use in telecommunications, broadcasting, and renewable energy applications, the Dust Cap N Male with Chain is a vital component for safeguarding sensitive equipment. Powertec’s commitment to quality and innovation ensures this product meets the highest standards, providing...
