

# Powertec RF Attenuator, 15 dB, 4.3-10 Female to Male

SKU: IBC-PT-00030

MPN: PCM-AT15-DC38.432

Barcode: 9337692001673

## Description

The Powertec RF Attenuator (SKU: IBC-PT-00030, Part Number: PCM-AT15-DC38.432) offers a reliable solution for RF signal management with a 15 dB attenuation across a wide frequency range from 0 MHz to 3000 MHz. Designed for robust applications, it features 4.3-10 female to male connectors and an IP60 ingress protection rating, ensuring strong performance in various environments. With dimensions of 60 x 19.5 mm, the attenuator is compact yet durable, making it suitable for diverse installations.

Operating efficiently within a temperature range of -35 °C to 65 °C, it meets demanding conditions while maintaining an input impedance of 50 Ω. This product is ideal for applications requiring precise signal attenuation in wireless communication systems. Manufactured by Powertec, a leading Australian company renowned for its expertise in cellular network enhancement and wireless network development, this attenuator reflects the company's...

## Powertec

Powertec is a wireless technology manufacturer and systems integrator based in Australia. Operating since 1995, Powertec has grown to become the leading wireless technology distributor in its region, and a leading Infratech systems developer. Supporting over 1500 partners the company provides procurement, design, project management, and support services across Australia, New Zealand, Pacific ...

# RF Specification

Min. Frequency:	0 MHz	Input Impedance:	50
Max. Frequency:	3000 MHz	Max. Input Power:	5 W
Attenuation (Fixed):	15 dB		

## Port Matrix

Port Label	Port Function	RF Interface
------------	---------------	--------------

## Frequency Test Data

Start Frequency	Stop Frequency	VSWR	Insertion Loss	Inter-Port Iso.	Return Loss
