Description

The Telegartner RG-214 Coaxial Cable (SKU: ACC-TG-00027) is a premium 50 Ω cable designed for high-frequency telecommunications, including broadcast, UHF, and military applications. This RG-214 series cable offers superior performance over standard RG-213 cables, thanks to its enhanced double shielding and large centre conductor, supporting frequencies up to 11 GHz with minimal attenuation.

This heavy-duty cable, supplied on a 500 m drum, weighs 103.5 kg and is built to endure multiple mating cycles, ensuring durability in demanding environments. It is RoHS compliant, confirming its adherence to environmental and safety standards.

Telegartner, a renowned German company with over 70 years of expertise, is recognised for its high-quality telecommunications and data communications products. Their RG-214 Coaxial Cable exemplifies their commitment to innovation and quality, making it an ideal choice for professionals requiring reliable and...
