

# N Female Connector for L-240 Coaxial Cable

SKU: ACC-PT-00202  
MPN: N2-C-L24  
Barcode: 9337692003554

## Description

N or N-Type connectors are popular across a wide range of wireless technologies, particularly those sub-6 GHz.

This N Female connector is designed for an ordinary crimp and solder attachment to LMR-240 and equivalent series coaxial cables. This N Female connector for L-240 series cables is manufactured by Powertec as a high performing yet economical connector for L-240 / LMR-240 series coaxial cables. The model has been selected based on its extended operation to 6 GHz.

Installation is simple. After preparing the cable, the connector is slid over the cable until the cable's centre conductor sits within the solder-cup that has been pre-fitted inside the connector. The conductor is then soldered in place. A standard 6.5 mm (0.255") hex die is used to crimp the ferrule.

The N Female Connector for L-240 Coaxial Cable, produced by Powertec, is an essential component in RF applications, particularly effective in wireless technologies operating below 6 GHz. This connector is designed for a straightforward crimp and solder attachment to LMR-240 and equivalent coaxial cables, ensuring a secure and reliable connection. Key applications include enhancing cellular networks, establishing wireless communication systems, and supporting various RF setups.

The connector's design features a robust brass body with nickel plating, providing durability and resistance to environmental factors. The inner contacts are crafted from brass with gold plating, ensuring excellent conductivity and minimal signal loss. The use of PTFE as an electrical insulator contributes to its high performance under varying temperature conditions, ranging from -55 °C to 165 °C.

With an impedance of 50  $\Omega$ , the connector ensures optimal signal...

### Powertec

Powertec is a wireless technology manufacturer and systems integrator based in Australia. Operating since 1995, Powertec has grown to become the leading wireless technology distributor in its region, and a leading Infratech systems developer. Supporting over 1500 partners the company provides procurement, design, project management, and support services across Australia, New Zealand, Pacific ...

# RF Connector Interface

<b>RF Interface</b>	<b>Body Shape</b>	<b>Mounting</b>
N Female	Straight	Free Hanging

## RF Specification

Start Frequency:	0 GHz	Input Impedance:	50
Stop Frequency:	6 GHz	Inner Contact Resistance:	≤ 1 mΩ
		Insulation Resistance:	≥ 5000 mΩ
		Outer Contact Resistance:	≤ 0.25 mΩ
		RF Operating Voltage:	≤ 1000 Vrms

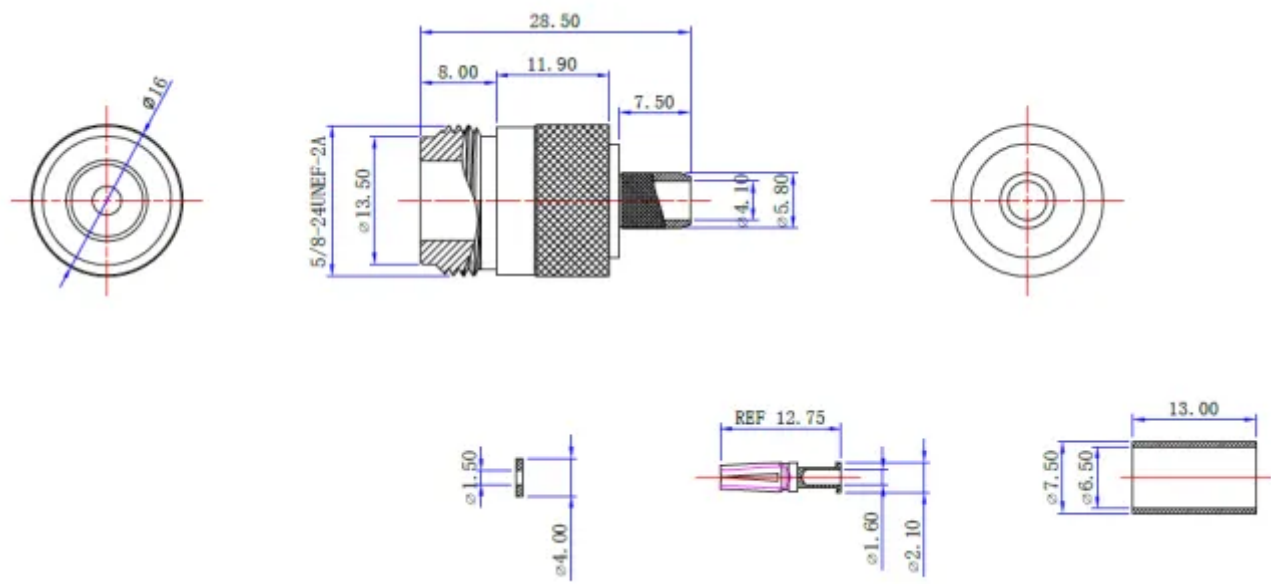

### VSWR Measurement

Frequency	VSWR
3000 MHz	≤ 1.2:1
6000 MHz	≤ 1.5:1

## Physical Specification

Cable Group:	L-240	Conductor Attachment:	Cable, Solder
Body Material:	Brass	Contact Material:	Brass
Body Plating:	Nickel	Contact Plating:	Gold
Insulator Material:	PTFE / Teflon	Min. Operating Temperature:	-55 °C
Dimensions:	28 × 19 × 19	Max. Operating Temperature:	165 °C
Weight:	18.5 g	Mating Cycles:	> 500
Compliance/Certifications:	ISO 9001 Quality Management		
RoHS
