

ZCG UHF Base Station High Gain Collinear Antenna, 477 MHz, 8 dBi, N Female

SKU: ACC-ZC-00043

MPN: ZN2-77-06-AC

Description

The ZCG UHF Base Station High Gain Collinear Antenna (SKU: ACC-ZC-00043) is engineered for robust performance in UHF communication systems. Operating at 477 MHz with an impressive 8 dBi gain, this antenna is ideal for applications requiring reliable long-range signal extension and coverage.

Constructed from durable aluminium, the antenna boasts an IP65 rating, ensuring resilience against harsh environmental conditions. It operates efficiently in temperatures ranging from -40°C to 80°C, making it suitable for varied outdoor applications. The antenna supports a 1x1 SISO configuration, featuring a single N Female RF connection, which simplifies integration into existing systems.

Certified to ISO 9001 standards, this antenna embodies high-quality manufacturing processes. The antenna functions effectively within a frequency range of 380 MHz to 520 MHz, supporting up to 150 W of input power with a 50 Ω impedance. Its vertical polarisation...
