SKU: ANT-CA-00007  
 MPN: CA450C4

## Description

The ComAnt Offset Pattern Collinear Antenna (SKU: ANT-CA-00007) by CompleTech is a robust solution for professional communication systems operating between 440 and 475 MHz. With a peak gain of 11 dBi and a vertical polarisation, this antenna ensures optimal performance in demanding environments. Constructed from durable materials like ABS plastic, fibreglass, polyurethane, and beryllium copper, it boasts an IP67 rating, ensuring resistance to dust and water, making it ideal for outdoor applications across a wide temperature range of -40 °C to 80 °C.

CompleTech, a trusted Finnish manufacturer, incorporates modularity into the ComAnt® design, allowing easy adaptability across various VHF, UHF, and SHF bands. The antenna features a single RF input port with a 50 Ω impedance, supporting a seamless integration into existing systems with minimal VSWR (< 1.5:1) for efficient signal transmission.

ComAnt® antennas meet stringent CE and RoHS...
