

# ComAnt Cross-Polarised Yagi Antenna, 830 to 890 MHz, 10dBi, N Female

SKU: ANT-CA-00015  
 MPN: CA860X++

## Description

The ComAnt Cross-Polarised Yagi Antenna (ANT-CA-00015) is a robust, high-performance antenna designed by CompleTech for demanding professional applications. Operating within the 830 to 890 MHz frequency range, this antenna delivers a consistent 10 dBi peak gain, making it ideal for VHF, UHF, and SHF band communications. Its dual slant  $\pm 45^\circ$  polarisation enhances signal reception and transmission, while the IP67-rated ABS plastic and aluminium construction ensures durability in harsh environments, withstanding temperatures from  $-40^\circ\text{C}$  to  $80^\circ\text{C}$ .

The antenna features a single N Female connector, facilitating straightforward integration into existing systems. ComAnt antennas are known for their modularity, easily adapting to various applications with interchangeable components. Manufactured in Finland, CompleTech emphasizes environmental responsibility, using materials compliant with WEEE and RoHS directives and ensuring minimal environmental...

Frequency Test Data

Start Freq.	Stop Freq.	Peak Gain	VSWR	Azimuth	Elevation	F/B Ratio
830 MHz	890 MHz	10 dBi	< 1.5:1	55°	54°	> 12 dB

# Physical Specification

Subtype:	Yagi	Ingress Protection:	IP67
Input Ports:	1	Materials:	ABS Plastic, Aluminium
MIMO:	1x1 SISO	Compliance/Certifications:	RoHS
Min. Operating Temperature:	-40 °C		
Max. Operating Temperature:	80 °C
