SKU: ANT-HS-00013  
 MPN: 1399.19.0225

## Description

The Huber+Suhner 4G Sencity Omni Rail Antenna is designed for robust and reliable 4G LTE communication across extensive frequency ranges of 698 to 2600 MHz. This antenna is particularly suited for rail applications, ensuring seamless connectivity in challenging environments. Its omni-directional design allows for 360-degree signal coverage, making it ideal for both urban and rural deployments where consistent network access is crucial.

With a vertical polarisation and a peak gain of up to 5.0 dBi, it enhances signal strength and quality, thereby supporting high-speed data and voice services. The antenna's durable construction, featuring polycarbonate materials and an IP69K ingress protection rating, ensures it can withstand extreme temperatures and harsh weather conditions, making it suitable for both indoor and outdoor installations.

Its single-input port with a 50 Ω impedance and SMA male connector simplifies integration with existing...
