

Peplink Mobility 20G (Puma-201-Q-B-1), 2xLTE/5G, 1xGPS, 600-6000MHz, IP68, QMA, Black, 1 ft / 0.3m

SKU: ANT-MB-20G-Q-B-1

MPN: ANT-MB-20G-Q-B-1

Description

The Peplink Mobility 20G is a robust, multi-functional antenna system designed to enhance connectivity for mobile environments. It supports dual LTE/5G channels with a wide frequency range of 600-6000MHz, making it ideal for applications requiring reliable mobile data and GPS functionality. This includes public safety operations, mobile healthcare, and transportation networks where consistent communication is critical.

The antenna features 2x2 MIMO technology for improved data throughput and signal reliability. Its design includes a high-performance GPS antenna with right-hand circular polarisation, ensuring precise location tracking and navigation. The Peplink Mobility 20G's durable polycarbonate construction and IP68 rating make it highly resistant to harsh environmental conditions, providing dependable performance in temperatures ranging from -40°C to 80°C.

Installation is straightforward, with options for panel, wall, or pole mounting...

Peplink

Peplink makes connectivity reliable. Peplink's ecosystem, SpeedFusion technology and SD-WAN routers have been deployed around the world, helping thousands of customers from many industries increase bandwidth, enhance Internet reliability, reduce connectivity cost, or enable new deployment possibilities.

Founded by Alex Chan in Hong Kong in 2006, today Peplink is based in Mountain View, California.

Start Frequency:	617 MHz	Polarisation:	Linear
